ALUMNI SPEAKS

Pranav Bonde - PGP06
Knowledge Analyst, McKinsey

I still remember the first couple of months at IIM Bodh Gaya. Even though I started from the comfort of my home, the rigor was never less compared to what it would have been at campus. It helped me learn how to utilize my time effectively. Interactions with faculty, enriching guest lectures from industry experts, and live projects became the stepping stones to learning the art of problem-solving. Intense peer discussions during the case study sessions encouraged me to look at things from different perspectives. Additionally, serving as the Treasurer of the Student Council aided in developing people skills. I am indebted to IIM Bodh Gaya for transforming me from the one who was shy of putting out his thoughts to the one who can now fearlessly face any challenge that life has to throw.

Anushka Jain - PGP06
Program Manager, Amazon

Like everyone else, I joined IIM Bodh Gaya for the IIM tag. Getting that accolade in my CV was supposed to be just that. I thought I just had to somehow float through these two years for getting closer to my goals. I had no idea that I'd come across such a remarkable and inspiring group of people who have constantly challenged and inspired me along the journey. Prior to joining IIM Bodh Gaya, all of these preconceptions seemed to me to be short-lived and illusory. Despite the fact that I was only on campus for 7 months out of the two years of the course, I gained knowledge and formed memories that will last a lifetime. I shall be always grateful to the enlightening IIM for helping me grow into a better version of myself through my graduation from this institution.

Akshita Jain - PGP06
Management Trainee - Aditya Birla Fashion and Retail Limited

IIM Bodh Gaya has given me more than just an MBA degree and has made me this individual my friends and family are proud of today.
I remember being skeptical about how we will fare through in these Covid times, but IIM BG managed to give us the MBA rigor even in the online mode. I had a great experience being a part of several clubs and committees and every moment in this college felt like we were building a legacy for the upcoming batches.
I am glad and will be ever thankful to be a part of this institution and will carry my learnings and experiences from here as I embark on my corporate journey.

Nishitha Bangur - PGP06
Senior Analyst, BNY Mellon

IIM Bodhgaya was an astounding experience. Being a Fresher joining Bschool initially it was hard to catch up the rigorous schedule, coordinating and interacting with multiple folks for team assignments in online mode, and then finally coming to campus. But the learnings that are provided by world-class pedagogy will facilitate us to excel and thrive in our corporate careers. These 2 years have been very instrumental to find my hidden talents and potential and then shaping myself into a transformed person that provides me with a better perspective of the world.
I am forever grateful for everything that the institute has taught me.
